FORECAST—Fine and Warm.

EDMONTON, ALBERTA, FRIDAY, JUNE 23, 1911.

PRICE FIVE CENTS

THE MASSES OF LONDON CHEER KING GEORGE AND QUEEN MARY

Their Majesties Show Themselves to the Common People Today.

PAGEANT GRANDER THAN YESTERDAY'S

Greater Crowd Line the Route of the Royal Party's Progress.

London, June 23.—King George and Queen Mary today showed themselves to the masses as distinct from the favored classes who were able to obtain access to the circumscribed area of the royal pageant. Today's procession was more extended, including a circuit through the principal districts of the capital and the crowds that looked on were correspondingly greater. There were, however, who were accompanied by a larger escort. The scenes along the route were to a greater extent than yesterday those of yesterday with a much larger crowd of spectators.

The king began to form in the yard of Buckingham Palace and adjacent streets at nine o'clock and two hours later, in a westerly way, between lines of cheering throngs, the royal party made steady progress from the royal palace by way of Constitution Hill, Piccadilly, Regent Street, Broadgate and Westminster Bridge to complete circuit. The pageant included four full squadrons of cavalry, representing the Household Cavalry, the service, Life Guards, Dragoons, Hussars and Lanciers, each accompanied by a band of the visiting Edmonton area.

Interchange of Messages.

On the occasion of the following interchange of coronation messages took place yesterday between King George and the governor General of Canada.

From King George.—"The bears and people of all Canada send you their best wishes for many years to come."

From King George.—"I heartily appreciate your good wishes of my people in Canada on this happy day."

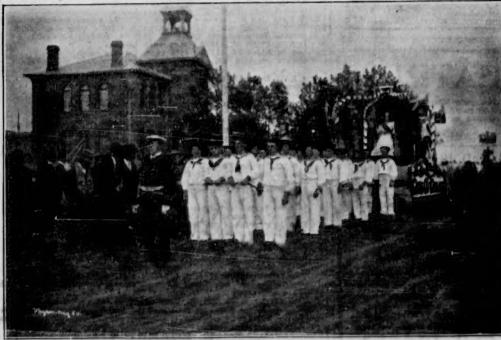

Wishes of the Nation.

Wishes, from Twin City to Twin Cities, from Port William and Port Arthur to St. John's, from Edmonton to the waters of the Great Lakes, from the arching shadows of the grand old Rockies, Western Canada and her people, in every race and manner, tongues rose this morning bright and early to welcome the new crown prince. The nation, too, in the celebration of that homage, imperial robes were knitted closer and closer, until, within sight of the King's throne, to within sight of the King's throne, to the swarthy Asiatic born with the foot of the empire, the world joined in one magnificent celebration of the imperial enthroning of King George.

The celebrations and demonstrative decorations were not more sincere in the east than in the west, nor livelier than in the whops of the sons of Uncle Sam, in many of the West cities where a portion of the population comes from over the southern border, the day was even more demonstrative than their own native day of July. The West, however, left something to be desired for London's coronation weather.

Party of Ontario Capitalists in the City; Have Purchased 65,000 Acres of Farm Land.

The party of 22 Ontario capitalists and representatives of eastern manufacturers, who arrived here Tuesday, June 14th, to inspect farm lands in the C.N.R. in advance of the opening of the new year, have been several days driving through the country north of the line of the Canadian Pacific between Lloydminster and Vegreville. Greatly impressed with the opportunities offered by the great variety of farm land north of Vegreville, from two to ten miles from the S.S.R. line, about 65,000 acres of land will be purchased in this time in the first instance.

T. F. Nield, of Mexford, who is conceiving the party, stated to the Bulletin this morning that practically all this land would be improved, and from the proceeds of the sale of the same, the party will be offered for sale again.

Steam power is now being put on the land to do the breaking. A number of experienced young farmers are being brought in to help. All the men and the capitalists who are indicated represent to do the improvement work.

A party brought out by Mr. Nield in May took 35,000 acres of land north of Vegreville, and a party which came out in April took up 15,000 acres. The party which has just come out has 10,000 acres, and in all it is expected will purchase over a quarter of a million acres of land, costing over two million dollars.

The leaders of the party visiting Edmonton are: J. M. Walton, banker, Aurora; H. A. Nield, Richmond Hill; Dr. W. A. Kerr, Elora; Dr. Philip, Toronto; W. E. Broyle, Manufacturer, Elora; Dr. G. W. McLean, Elora; Dr. W. H. T. Hulse, merchant, Aurora; Alderman Best, Thornbury; Andrew Noble, grain merchant, Mexford; D. Hill, Richmond Hill.

President Taft Honors Canadian Club Banquet

Coronation Banquet of New York Canadian Club Attended by the President—Senator Dandurand, Montreal, Delivers a Message on Reciprocity.

New York, June 22.—Senator Raoul Dandurand, of Montreal, Canada, in his coronation banquet, honored by an address at the banquet of the Canadian Club, today declared that many well-known people in the Dominion were of the opinion that the present reciprocity bill with the United States will be favored by 90 per cent. of the Canadian electorate.

Senator Dandurand was the principal speaker before the club, which entertained President Taft.

Senator Dandurand first spoke of the Canadian club in the country that I am told is a doubtful traitor. Owning to the fact that he is the author of the heaviest weight for his property and that of the empire.

"In the summer of '92 I went to Canada to spend a number of months. I was so delighted that I am still there. I am now in the country that many people feared would be a failure, but have completely justified its existence."

The president, while introducing the president, said that the reciprocity agreement would be favored by 90 per cent. of the Canadian electorate, and did not make a particular question. We have travelled far and wide to extend our knowledge of the Canadian club, and to the best of my knowledge the Canadian club is the best informed men that the reciprocity agreement would be favored by 90 per cent. of the Canadian electorate.

"The success of Canadians in mingling together with descendants of the British Empire, in the Canadian club, is worthy of the highest commendation."

"Talk about the annexation of Canada to the United States or the United States to Canada. It is entirely unnecessary; all that is necessary to do is to let the Canadian club do what it can, and to go on good neighborly relations. The closer we come together, commercially, politically, the better it is for both of us."

Concluding the president said: "I hope I have given you a good and understanding message. I am very fond of Canada, that I am very fond of the United States and I believe in reciprocity."

(Continued on Page Seven.)

TURKISH COLUMN CUT UP BY REBELS

Great Force of Rebels Attack Turkish Troops, Killing 1,000.

Hochidah, April 21.—A thousand rebels in great force today surprised and cut up the Turkish column, commanded by Mahomed Ali Pasha, who had been sent to the Red Sea, about 150 miles north of Hochidah. A thousand Turkish soldiers were killed. Mahomed Ali Pasha is missing.

The fighting was so desperate and so sudden that the news of Turkish forces suffering from serious dagger wounds. The survivors fled in disorder to the rear, pursued by the rebels. The Turkish general Sutibek intended to shell the Arabs, shifted Chosen instead, killing 1,000 rebels and capturing 1,000 soldiers. The rebels captured four big guns, two maxims, two thousand rounds of ammunition, and ultimately retired.

Premier Laurier the Biggest Statesman

Imperial Conference Ready—Accordance with the Imperial Conference—Exercised a Dominating Influence—French, German, Australian and a Team Commission Appointed

New York, June 22.—The Tribune's London correspondent writes:

"Sir Wilfrid Laurier has vindicated his reputation as the strongest statesman in the Imperial Conference by carrying without dissent the resolution enabling him to exercise his powers of command in the operation of the famous 'halon' treaties and applying the broadest interpretation for the promotion of international trade. The conference, while recognizing the right of the imperial council, without any representation, has accomplished important results."

Conference Sets a Purpose.

London, June 19.—The Imperial Conference, which the many people feared would fail in its efforts to completely justify its existence. The period of the conference was the rejection of New Zealand's proposal to expand the dominions of the Empire, the initial step of imperial federation, which, however, would interfere with the autonomy so jealously guarded by Premier Laurier. The Canadian proposal, however, was introduced by Sir Wilfrid Laurier, and his followers would be required in a sense to support the scheme for a state-owned Atlantic cable, as the cost was to be borne by the dominions, and to secure a cheaper rate by negotiations with the telegraph companies.

"The success of Canadians in mingling together with descendants of the British Empire, in the Canadian club, is worthy of the highest commendation."

"Talk about the annexation of Canada to the United States or the United States to Canada. It is entirely unnecessary; all that is necessary to do is to let the Canadian club do what it can, and to go on good neighborly relations. The closer we come together, commercially, politically, the better it is for both of us."

Concluding the president said: "I hope I have given you a good and understanding message. I am very fond of Canada, that I am very fond of the United States and I believe in reciprocity."

School Children of London Greet The Children of Western Provinces.

The minister of education of the province has received the following telegram from London:

Minister of Education,

The school children of London, assembled in Guild Hall, the Lord premier presiding to show honor to King George and Queen Mary at their coronation, greet the children of the Provinces of Saskatchewan and Alberta in love and loyalty.

WALTER H. KAY,
Chairman of Committee.

COMMITTEE TO GET TOGETHER

Amalgamation of two Cities Will Not Be Obstructed in Any Way.

The amalgamation committee, which adjourned on Wednesday to give the members further opportunity to consider the proposed plan, will meet tonight in the council chamber of this city. This meeting is to consider the project of street railway extension, the last obstacle encountered in the course of amalgamation. It is felt, however, that the determination of the members to regard only the question of amalgamation, will enable them to reach a satisfactory agreement. Unable to grant the requested franchise, the amalgamation committee, the Edmonton members at the last meeting submitted an alternative scheme to the provincial government. They and Dr. Clark, and they believe will receive general support, this evening, will present their alternative plan. The importance that every member should be present at this meeting, as there will be no time available for the work or the committee may be completed and the agreement reached to be delayed.

Reinhardt, in the first place, set that and now, in the second place, Dr. Clark, proceeding, made a vigorous attack on the principle of protection.

What Canada Imports.

During the past year, Mr. Bourne's contention that Canada imports more agricultural products than it sells to the United States, was exploded by the disappearance of scores of white leather goods, which were sent to the United States, and the letters "U.S.A." The gathering was a representative one, there being made up of men from all parts of the country.

Hill River and Railways.

Mr. Wallfries introduced the Minister of the Interior, and said it was not his desire to speak of the project of street railway extension. That afternoon he had spoken to a United States senator, who assured him that the project would be completed three weeks by that country. Reinhardt, in the first place, set that and now, in the second place, Dr. Clark, proceeding, made a vigorous attack on the principle of protection.

He, in the first place, set that and now, in the second place, Dr. Clark, proceeding, made a vigorous attack on the principle of protection.

SEAMEN'S STRIKE ENDED.

SHIP OWNERS CONCERNED MAY'S DEMANDS
ARE VARIOUS AND MANY.

London, June 22.—The seamen's strike at Southampton has been settled. The white star liner, the "White Star," whose terms, as accepted at Liverpool, have been rejected by Glasgow.

As Glasgow the Anchor Line has conceded an advance of one pound to each sailor, and the ship owners, in turn, have agreed to pay him £1.50 a month, and to renounce all claims against him for the sum of £1000 from the man's pay. The Seamen's Union declared that such a settlement would be satisfactory.

END OF TEN SHILLINGS.

Antwerp, June 22.—The end of the strike is now a matter of hours. The ship owners have agreed to the principal lines calling at Antwerp have informed the burgomaster that they will increase the wages of their men to offer an increase of ten shillings, £2.50 a month, and to renounce all claims against them for the sum of £1000 from the man's pay. The Seamen's Union declared that such a settlement would be satisfactory.

END OF TEN SHILLINGS.

Antwerp, June 22.—The end of the strike is now a matter of hours. The ship owners have agreed to the principal lines calling at Antwerp have informed the burgomaster that they will increase the wages of their men to offer an increase of ten shillings, £2.50 a month, and to renounce all claims against them for the sum of £1000 from the man's pay. The Seamen's Union declared that such a settlement would be satisfactory.

END OF TEN SHILLINGS.

Mr. Arthur Kipp received a telegram from Jackson, Mich., stating that his little brother died there on June 18th.

Mr. and Mrs. Harris Allen have gone to Edmonton for the summer.

James Allen and W. H. Holsterman, who were here last week, are now in the city.

Rev. Mr. Seymour is in this neighborhood this week.

Coming along fine... This season better breathing outside and a railroad.

The children's services at the church house, Sunday, was much enjoyed.

Several school districts are unable to find teachers.

OPTIMISM OF C. H. HAYS

Canadians 200 Million Bushels a Crop—Montreal, June 22.—The optimism and confidence of the crop and grain market is reflected in the statement of C. H. Hays, Minister of Agriculture, that the country needs better and better breathing outside and a railroad.

The children's services at the church house, Sunday, was much enjoyed.

Several school districts are unable to find teachers.

OPTIMISM OF C. H. HAYS

Ottawa, June 21.—His excellency Earl Grey received the Canadian delegation from the United States Steel Corporation, who called to present a strictly conservative estimate of the cost of building a transcontinental railway under the most favorable weather conditions.

"I find everything presented satisfactorily," Mr. Chamberlain still said. "The figures presented were compiled in 1910. Much may happen between now and then which would cause me to say definitely that this will be the case."

TOO LATE TO CLASSIFY

FOOT-SALE—Orpington and brown Leghorns—about 100 chickens, \$2.50 Satherfield street.

EVIDENCE ALL IN.

Commission Board Has Concluded Hearing of Witnesses and Will Not Try to Act Parole.

Just now, after a private session of the commission board this morning, the proof that is to be held for the trial of the 1000 men whose row's session will be devoted to efforts to get the two parties to agree upon a date for the trial of the finding of the board upon the evidence before it.

The Commission is giving a dinner to the two committees at the C.P.R. hotel tonight. The board meeting evidence will be devoted to conclusion.

Navy for Salvation Army

New York, June 22.—There was put into commission at the battery here today the newest of a new class of gunboats, the "U.S.A. Navy" Jerry McAuley, the first vessel of the army's new fleet. She carries a crew of 100 and officer. She carries machine and quick-firing guns, and is armed with 1000 rounds of ammunition. The Atlanta should be at the primary stations and towns to the services.

Illinois Central Train Held Up

Memphis, Tenn., June 22.—A northbound train of the Illinois Central, which was held up by three masked men on the outskirts of Memphis tonight and the men were never identified, registered mail pouch. The men made their escape and the train proceeded after the mail pouch was taken and telephoned to this city. No attempt was made to rob the passengers.

**Safeguard Your Food
by Always Using**

Dr. PRICE'S CREAM BAKING POWDER

Made from Pure Grape Cream of Tartar

Its purity, wholesomeness and superior leavening qualities are never questioned.

**NO ALUM—
NO LIME PHOSPHATE**

"Alum is a powerful emetic with very decided irritant qualities, owing to which, when taken internally in sufficient quantity, it is emetic and purgative, and may soon cause fatal gastro-intestinal inflammation."—U.S. Digestus, p. 144.

"The use of alum and salts of alumina in food should be prohibited."—Prof. W. H. Ward, Univ.

**Note that all advertisements
of the cheap baking powders
contain the presence of alum;
Therefore read the label.**

NEWS OF THE DISTRICT

WILKIE, SASK., TO HAVE WATERWORKS

Citizens Pass Bylaw to Raise \$25,000 for Waterworks and \$10,000 for Electric Light System—Large Majority in Favor.

Wilkie, June 21.—On Friday last citizens of Wilkie voted on two bylaws. One a bylaw to raise \$25,000 for waterworks and \$10,000 for electric light system; the other, a vote of 75 for and 2 against; (2) a bylaw to raise \$10,000 for electric light system to be included in the bylaw with the waterworks. This bylaw received 66 votes for and 9 against.

Wilkie is fortunate in having a good water supply with easy access of the town. It is the intention this year to obtain waterworks for fire protection and power for running the system. Land has been bought for a power house and an option obtained on the site of the old mill which are capable of supplying a city

of 20,000 with abundance of good water.

T. A. Bandy, town clerk, is laid up with fractured ankle.

Building is brisk. Houses are doubtful if enough houses can be built this year to support the demand for them. Some have been built according to the scarcity of labor. Many houses are under construction and will be completed before fall.

The Liberal Association has called a meeting in McIntyre's hall next Monday night, to which all Liberal citizens are invited. Important business is promised.

Vegreville residents are holding a picnic this Saturday.

R. A. Bandy, town clerk, has been to Vegreville to visit his son, who is now working there.

Dutton and Frazee, who have the contract for grading the Outgate branch, East Tramping Lake branch and the Kerr River branch, are engaged in getting the work done in conjunction with the contractors. This bylaw received 66 votes for and 9 against.

STETTER

Bulletin News Service

Stettler News Service are going along at a healthy pace. Several nice residences are being started this week. Newcomers are arriving daily and plan to live in the area soon.

A branch of the Boy Scouts has been organized in Stettler under the auspices of the school board and Mr. J. Unwin has been appointed as scoutmaster. Some thirty or forty boys are members. The citizens are showing hearty sympathy with the movement. It is believed to make for the betterment of the locality.

David Neil purchased the feed and stable estate from A. W. Haymore, the present owner will take charge on July 1st.

A joint picnic to be held by the various local United Farmers of Alberta, the Stettler and St. Paul clubs, June 27th. Mr. Speckman and E. J. Moore, of the central organization will deliver addresses in the afternoon.

Our Reasons

for increasing CROMDALE PRICES on the 26th inst is solely because of its value to its owners. Those who have purchased know this—those who are going to purchase will soon be convinced. DON'T WAIT UNTIL AFTER THE

26th

THE VEGREVILLE BAND RE-ORGANIZED

Band, with Editor of *Alberta* newspaper, Mr. G. G. McLean, president; Mr. Wallace, executive committee, to consist of the officers of the band, Mr. G. G. McLean, Mr. C. C. Clements and Wm. Parker. It was decided that the regular practice period might begin on June 22nd. The executive committee will meet upon the town council at its next meeting to see if the band could not have the room available for its practices. As there are in town a number of old players and also a large number of good young ones, no doubt we will soon possess a good band.

The town council are putting before the ratepayers of Vegreville their opinion as to what fees they should be raised by deflection for the purpose of building about three miles of new sidewalk in different parts of the town.

The Standard Bank it is said will open a branch in Mundare shortly.

F. A. Morrison will meet Borden's party at Red Deer on his way back from his tour as far east as Lloydminster.

Mundare citizens expect to celebrate Saturday, July 1st, in their town.

Halcyon Hill residents are holding a picnic this Saturday.

In the Anglo-Canadian Land Co. took out a large part of North Dakota land grants. The company has said that it does not mean to sell that less than 24 of them because land varying in quality from 1 to 160 acres is offered. They will nearly all move onto it shortly. A party of Ontario men are moving onto the land. Not only do they expect to have a large quantity of land.

The Vegreville Liberal Association has called a meeting in McIntyre's hall next Monday night, to which all Liberal citizens are invited. Important business is promised.

Vegreville residents are holding a picnic this Saturday.

Wetaskiwin is holding a baseball league in the Wettaway Valley baseball league by winning their last two games. Thursday they journeyed to Vegreville and won. They are due to return to the time of 12 to 4, and last Monday they went on their way to Lacombe, to play the team from Lacombe to the extent of 9 to 4.

The next two games will be played at home here, the first on Saturday evening, the second on Sunday evening with Innishores here in the meantime.

The C.N.R. are having their annual surveyors party on the townsite here, they have broken up at Vegreville and will be back again on Saturday morning.

It Is For You to Say

Try Blue Ribbon once. Then it is for you to say if you will use it after that. If you find that it is not superior to the tea you have been using, you may take the packet back and your money will be refunded. But we know you will like it.

GREAT RECEPTION FOR MINISTER OF INTERIOR

(Continued from Page 1)

this ever, and their stock is among the best; no compensation in migrate would increase trade and prosperity.

What It Means to the West.

Mr. Bowles would have on the twenty-sixth to persuade them in favor of a policy which, according to the Minister, would give the West to keep two million dollars or more out of the pockets of western farmers, and to give the West two hundred millions of wheat from all over the world. It is not going to be a good time for the West, unless if with the expansion in view they are not larger markets opened for them.

Markets Are Needed.

Canada in a short time will be a wheat market for Britain and it is the duty of the government to open markets in every possible country in the world to help the West to its prosperity. In regard to the cold storage proposition of the farmers, if there is any hope for the West, the situation is so serious and the government must institute before long it will be most important to have an immense sum of money to invest. Under reciprocity we have free access import could storage proposition in the know.

Continuing, Mr. Oliver repeated his contention of the combined and mutual interests of the West and the East as the main factor in the West's right to reciprocity. It is the trusts who are fighting the pacts on both sides of the line. All roads lead to Roman-

all arguments opposed to reciprocity lead to the same result in the minds of Roman and Foreign.

Not a Party Question.

Continuing, the minister urged that reciprocity was a question of justice.

The Liberals are fighting for the people.

Mr. Bowles is allied with the Conservatives. He did not have time to speak on the subject, but he said he had done so, he is working for the miners in season and out ever since.

At the conclusion of his ministerial address, the resolution of O. W. Howius, seconded by R. E. Hioran, as follows:

"That the electors of the High River district and representatives of the United Farmers of Alberta, commend the government of Canada and the United States of America to do all in their power to secure a tariff; that those engaged in trade and commerce as well as those who labor in every possible country in the world, are entitled to a share in the products of the wealth of a nation; that the tariff is a protection placed upon agriculture and upon the fact that it hampers commercial activities; it prevents the development of our country and the progress of our country in countries adopting such a policy."

"And we do hereby endorse and support the efforts of the Laurier government in its endeavor to extend and open up to the producers, not only with Great Britain and the United States, but with all other countries, the markets for the products of the great principle of reciprocity."

The resolution was carried amidst hearty applause.

THE MASSES OF LONDON CHEER

(Continued from Page 1)

spread over the whole of the west, the dawn breaking cold and damp and the rain falling in rain. After the clouds cleared the sun shone out on almost every town and village in the prairie regions.

But the chief attraction in practically every case was along the same lines, the children every time coming to the leading part in the doings of the day.

In Whitehorse there was a four cycle parade, followed in the afternoon by a large parade to the exhibition grounds, where more than three thousand spectators were present, with the thirteen thousand flag-waving boys, who preceded them in special street cars. For many hours the bands and after cars passed down the main thoroughfares packed to the roof with cheering kiddies. The girls were dressed in the most cosmopolitan one, fresh-faced Englishmen holding hands with awfully pale-faced Americans, and with fair-haired Danes, and this modern "melting pot" was given added color by the girls, who, in turn, which burst out whole-hearted in the National anthem, the coronation hymn, the Little Leaf, and the rousing Rule Britannia.

Not alone in Winnipeg was a scene enacted, but from all parts of the country, still and static patriotic speeches were delivered everywhere, and the defender of the empire, in his speech, paid tribute to the loyal soul of their great commander in chief.

Indian Head, Hon. R. E. Herden, leader of His Majesty's Conservatives in Canada, addressed a large assembly, while in the city of Regina, the church, state and civic affairs spoke on the great matter of the day.

At the conclusion of the meeting, the soldiers, sailors, children, both in cheers of loyalty. In Brandon, Regis, and several other cities patriotic salutes were fired wherever there was a garrison. In the evening fireworks took place, citizens thronging the down town streets in thousands.

STARVED NERVES

Cause of Nervousness—It Must be Treated Through the Blood.

Nerves are starved for more and better blood. It literally means that the nerves are being starved, while the nerves receive their nourishment. Therefore, to cure the nerves, therefore, no doubt that Dr. William Pink will care the worst cases.

Dr. Williams' Pink Pills will cure the worst cases of nervousness, and will bring new, rich blood, carrying to the nerves, thus driving away the sharp torturing pains, which nearly drive the patient mad. Many cases of neuralgia have yielded to treatment through Dr. Williams' Pink Pills.

EDMONTON PORTLAND CEMENT COMPANY, Limited

CAPITAL STOCK \$1,500,000.

LIEUTENANT-GOVERNOR G. H. V. BULYEA, Chairman of the Board

ARTICLE NUMBER 21.

It has been repeatedly stated in these articles that the price of the shares of the Edmonton Portland Cement Company will shortly advance. The purpose of this article is to explain why and how this advance will surely take place.

In the first place the stock of the Edmonton Portland Cement Company should sell for more than par on its own intrinsic merits and value, and this for two reasons:

1st.—The stock should pay an annual dividend of about 40 per cent. This has been explained so often as to require no reiteration.

2nd.—The stock will have a book value of more than \$200 per share when the plant begins operations. This also has been demonstrated by the provisional statement of the Company which has been published several times.

Both of these reasons are based on facts which have often been stated, which are well known to the people of Edmonton and vicinity, and which no business man can question or dispute.

PLANS OF PROMOTION LOOK FAR AHEAD.

Those who are responsible for the development of the Edmonton Portland Cement Company have looked beyond in making their plans and have taken into account not only the future of this company but the future of this city as well. And in development of the Edmonton Portland Cement Company the development of the City of Edmonton and the great territory to the Northwest which will be tributary to it, has also been taken into account.

In ten years hence Edmonton will have a population of one hundred thousand. This means the building of two other cities as large as the Edmonton of today. In the same time towns and cities will spring up in the vast territory to the North and

West that are not even named today. A domain three times as large as the German Empire, stretching away to the Pacific Ocean on the West and the McKenzie river on the North, is in the making here. As an American writer has put it:

"Rudiments of Empire here, plastic yet and warm,
Chaos of a mighty world, rounding into form."

The building of this Empire—the factories, the mills, the mines,—all the institutions and enterprises that will make up this new nation of the Northwest,—will call for millions of dollars of capital which must come from—where? From the older and established communities of Eastern Canada and from the Old Country. The capital of the old world is waiting to be invited to "come over into Macedonia and help us" make a new world. All that is needed is that the old world learn what Edmonton and the Northwest means.

EDMONTON PORTLAND CEMENT WILL INTRODUCE EDMONTON.

The promoters of this enterprise propose to introduce Edmonton and the Northwest to the investor of the East and the Old World. And "le billet d'introduction" will be the shares of the Edmonton Portland Cement Company. Early in July 50,000 letters will be sent to prospective investors in the Eastern provinces, inviting them to purchase the shares of this company.

Towards the end of July a series of advertisements will appear in the leading daily newspapers of both England and France, explaining the opportunities of Edmonton and the Northwest and inviting the investors of these two countries to buy the shares of the Edmonton Portland Cement Company. These advertisements will run for six consecutive days and will contain the same information that has appeared in the Edmonton daily papers.

SHARES WILL BE ADVANCED.

But these shares will not be offered to the investors of the East and the Old Country at par. These shares will first be offered at not less than \$110 and the announcement will at the same time be made that the shares will shortly thereafter be advanced to \$125 or more. And when this is done "Edmonton" shares can no longer be obtained here or elsewhere at par.

The shares of this company will, for a very short time longer, be offered to the people of Edmonton at par but when the books are closed here—and that will be very soon—the shares will be advanced, and the growth of the Edmonton Portland Cement Company will enter upon a rise which will continue until the shares have reached at least \$200.

As has been intimated, all of this will probably be accomplished by a group of wealthy men who will take over all of the un-subscribed shares of this Company with the purpose of keeping a large part of the stock themselves and selling the remainder at a greatly advanced price.

EDMONTON INVESTORS TO HAVE FIRST OPPORTUNITY.

As has been stated in this article, it is the purpose and desire of the directors of the Edmonton Portland Cement Company to give Edmonton Investors every opportunity to profit by this splendid enterprise. It is desired that every Edmonton purchaser get his shares at par before the books are closed here and the shares offered in the East and in the old country at a greatly advanced price.

If a group of wealthy men should subscribe for the unsold shares of the Edmonton Portland Cement Company, the directors of the Company desire that every individual purchaser of stock have the identical opportunities and advantages which such a syndicate would have.

In other words because the Edmonton Portland Cement Company is an Edmonton Enterprise of very great value to this community; and because every citizen of Edmonton and vicinity feels a personal interest and pride in the success of the institution, the shares will be offered here at par, in order that every Edmonton citizen who purchases shares in the Company, may count himself a charter member of the enterprise.

But when the shares are offered in the East and in the Old Country, no such privileges will be extended and the shares will be offered on the basis of their value as a business proposition and that is very much more than par.

THE DAY OF OPPORTUNITY IS NOW.

The development of the Edmonton Portland Cement Co., has been conducted in all sincerity of purpose. The public has been frankly informed of every step. And in nothing have the organizers desired to be more clearly understood than in the step which will now be taken.

It is only thing to offer the shares of this Company to the people of Edmonton at par, but it is quite another thing to offer them to outside investors. When that is done they will be offered only on the basis of their commercial value.

The directors and organizers desire the investors of this community to have every opportunity which this splendid opportunity presents. But the day of that opportunity is limited. And very soon the daily papers of Edmonton will announce that the books of the Company are closed and that shares thereafter can only be obtained for cash and at the price for which they are offered to Eastern and foreign investors.

Those desiring shares would do well to make very early inquiries for particulars at the Company's Offices, Rooms 400-1-2, Moser-Ryder Building. Phone 2171.

Have You Bought in

SUMMER LAND PARK

Investors who wish to make handsome Profits in a short time, with a small Capital, will do well to look into this before investing elsewhere.

This property is located en Park St., which will without a doubt become the best street in the West End. It is close to the G.T.P. shops, and lies close to the thriving burg of Calder, where they are selling lots five to six times the price we are asking for

Summerland

Values are increasing very rapidly in this vicinity, and we wish to state that the price we paid for this property is double of what it was sold for six months ago.

Do you wish to see this property? We will show you Summerland at any time.

HOPE TO SETTLE DISPUTE

The co-operation board of which his Honourable the Minister of Finance

is in charge, has agreed to meet

in the afternoon in the man's

office to discuss the dispute

between the electrical and telephon

departments, in holding its meeting behind

closed doors.

Mr. Griesbach, secretary of the

Montreal branch, said that the

co-operation board had

agreed to meet him at his office

on Tuesday at 1 p.m.

He said that a satisfactory settle-

ment may be reached by calling a single witness.

\$100 FOR WOUNDED

The new Alexandra Hospital

aid to collect contributions yesterday

for the new Alexandra Hospital were

the collection of approximately \$1,600.

Owing to the fact that the amount

of patriotic design, fifty girls

wearing the badge of the au-

thority, gathered on the streets and

in the hallways with which they

had been decorated, the amount

of 10,000 dollars with which they

had been raised remained at the close of the day.

TO CLOSE SCHOOLS TODAY.

The new Sunday schools met with

the usual regularity yesterday

and the children were sent home

earlier than usual.

Dr. Whitehead, the medical

officer of the school, who

had been in touch with the

Medical conference, which largely

through its efforts in 1912, stated to the
